Lesson 2C - Open Slice Path Tool

Open the Software

1. **Open** the software by **double-clicking** on the **Floriani** icon on your desktop.
2. When the **My Floriani Today** window appears, select the **Create A New Design** button to open a new design.
3. Select **File->Open**. Then, locate, select, and open the **05_L2c.waf** file located here: (C:\Floriani\Designs\00_FTCU LESSONS\01_General Lessons\05_Tools for Editing\ 05_L2c.waf)

Slice the objects

1. Select the **heart** design.
2. Next, select the **Open Slice** knife tool.
3. Slice the heart by doing the following:
   - Left-click just outside of the heart on its left sides
   - Move the cursor to just outside of the heart on the right side and then left-click to add a point.
   - Next, right-click to apply the slice.
   - Now, click on the Selection tool, select the upper portion of the heart, drag it upward to move it away from the bottom part of the heart.

Save the Design

1. Select **File** from the menu bar and then select **Save As**.
2. Save the file in the following folder: C:\Floriani\Designs\00_FTCU LESSONS\01_General Lessons\05_Tools for Editing\
3. Name the file **TFEDIT_02c**, choose **WAF** for the format, and then click **Save**.
