

Lesson 2E - Overlap Slice Path Tool

Open the Software

1. **Open** the software by **double-clicking** on the **Floriani** icon on your desktop.
2. When the **My Floriani Today** window appears, select the **Create A New Design** button to open a new design.
3. Select **File->Open**. Then, locate, select, and open the **05_L2e.waf** file located here:
(C:\Floriani\Designs\00_FTCU LESSONS\01_General Lessons\05_Tools for Editing\ 05_L2e.waf)

Slice the objects

1. Select the **Panthers** design.
2. Next, select the **Overlap Slice Path** knife tool.
3. Slice the Panther design by doing the following:
 - Left-click above the letter **t** where the Vertical and Horizontal Guidelines meet.
 - Move the cursor down to where the Vertical and Horizontal Guidelines meet below the design, then left-click to add a point.
 - Next, right-click to open the Overlap Slice Path dialog box.
 - Then, input 0.3 in the Offset (in): box, make sure the Close paths box is checked, and then press Apply. This will allow you to see the change made to the offset.
 - Next, click OK to apply the overlap slice path on the design page. You will see the design cut where the slice was placed along with overlap.

Save the Design

1. Select **File** from the menu bar and then select **Save As**.
2. Save the file in the following folder: C:\Floriani\Designs\00_FTCU LESSONS\01_General Lessons\05_Tools for Editing\
3. Name the file **TFEDIT_02e**, choose **WAF** for the format, and then click **Save**.
