

# Practice Lesson 2 - Repeat Tool

## Open the Software

1. Open the software by **double-clicking** on the software icon.
2. Explore the **My Floriani Today** window and click on the options.

## Create A New Design

1. **Click** on the **Create a New Design** icon from the My Floriani Today window (if still open. If not, go to step 2)
2. Click one of the following to open a new design page:
  - **Click** the **New** icon from the menu bar (*recommended way to open a new design page*)
  - **Click File** from the **menu bar** and then select **New**. *This option opens the New Page dialog box that allows you to select a style sheet for the new page.*

## Insert a Symbol

1. Click on the **Symbol** icon.
2. In the properties box, select **BDEC009** from the **Symbol:** drop-down box.
3. Next, **left mouse click** anywhere on the design page. This will insert the symbol onto the design page.
4. Next, **right-click** to turn off the symbols tool.

## Apply Repeat Feature

1. Turn on **3D** view
2. Select the entire design.
3. Next, select the **Repeat** icon to open the dialog box.
4. Apply the following settings to the design:
  - Number across: 6
  - Number down: 5
  - Horizontal distance (in): 0.15
  - Vertical distance (in): 0.15
  - Check box for Flip every other horizontally
  - Check box for Flip every other vertically
5. Next, click **Apply**.
6. Then, click **OK** to view the pattern on the design page.
7. Select **File** from the menu bar and then select **Save As**.
8. Save the file in the following folder: C:\Floriani\Designs\00\_FTCU LESSONS\01\_General Lessons\03\_Tools for Embellishing\
9. Name the file **TFEMB\_Practice\_02**, choose **WAF** for the format, and then click **Save**.
