

Lesson 5 - Path Text

In this lesson, we will be creating text on a path.

Open the Software

1. **Open** the software by **double-clicking** on the **Floriani** icon on your desktop.
2. When the **My Floriani Today** window appears, select the **Create A New Design** button to open a new design.

Add Path Text to the Design Page

1. Click the **Text** icon and select the **Path** text tool.
2. Left-click on the design page to add text. This will open the Select a text path dialog box.
3. Select **Path 02**. This will load the text onto the screen.
4. With the default text on the screen and active, apply the following to the text using the Text Properties box:
 - Letters: Total Control U
 - Font:
 - Amber
 - Press Apply.
5. You now will see the text following the path. Next, we will adjust the letters on the path and choose a different path.

Adjust Letters and the Path

1. With the text selected and in edit mode, go to the **Text** Properties tab and input the value of **3** in the **Spacing:** box. This will add some space between the letters.
2. Next, **right-click** on the text path line and select **Text Paths...** to open the **Select** a text path dialog box.
3. Now, select **Path 03**. Note the change on the screen.
4. Then, following steps 9 and 10, select **Path 11**. You can change the path at any time.

Save the Design

1. Select **File** from the menu bar and then select **Save As**.
2. Save the file in the following folder: C:\Floriani\Designs\00_FTCU LESSONS\01_General Lessons\04_Tools for Personalization\
3. Name the file **TFP_05**, choose **WAF** for the format, and then click **Save**.
