

## Lesson 6 – Import True Type Text Artwork

In this lesson, we will be importing True Type Text into the design page.

### Open the Software

1. **Open** the software by **double-clicking** on the **Floriani** icon on your desktop.
2. When the **My Floriani Today** window appears, select the **Create A New Design** button to open a new design.

### Add True Type Text to the Design Page

1. Click the **Text** icon and select the **Import TTF Artwork** text tool.
2. **Left-click** on the design page to open the Import TTF Artwork dialog window.
3. Type **Floriani Total Control U** into the Text: box.
4. Next, click on the **Select** button. This will allow you to change the font, font style, and letter size.
5. Inside the Font dialog box, select and input the following:
  - Font: Calibri (if you don't have this font, select Arial)
  - Font Style: Bold Italic
  - Size: 36
  - Press OK.
  - Press OK again. This will load the text on the screen.
6. You now will see the True Type Text on the screen. This text is artwork and does not contain any stitches.
7. Select all the letters and change the color of the text to **700 Mars Red** (using the Floriani Poly thread chart).
8. With all the letters still selected, click on the **convert to Auto Satin** icon. This will convert all the letters to satin stitches.
9. Next, click on a blank area of the screen to deselect the text.
10. Make sure the **3D** icon is selected so you can see the letters in a realistic view.

### Save the Design

1. Select **File** from the menu bar and then select **Save As**.
2. Save the file in the following folder: C:\Floriani\Designs\00\_FTCU LESSONS\01\_General Lessons\04\_Tools for Personalization\
3. Name the file **TFP\_06**, choose **WAF** for the format, and then click **Save**.
