

## Lesson 3 - Multiple Applique Pieces

### Open the Software

1. **Open** the software by **double clicking** on the **Floriani** icon on your desktop.
2. When the **My Floriani Today** window appears, select the **Create A New Design** button to open a new design.
3. Select **File->Open**. Then, locate, select, and open the **TL\_02\_MultipleApplique.waf** file located here: (C:\Floriani\Designs\00\_FTCU LESSONS\03\_Technique Lessons\TL\_02\_MultipleApplique.waf)

### Convert Artwork Letters to Applique

1. You will see the letters **USA** on the screen. In the sequence view, notice the 3 letters are separate objects.
2. Next, **select all the letters** and then click the **convert to Applique** icon.
3. This will convert the letters to applique.
4. In the sequence view, notice the three letters were combined and are one applique piece.
5. Do a slow redraw to see how this applique will stitch out. You will notice it will do a placement stitch for each letter first, a tack down for each letter second, and a border for each letter third.
6. Select the Applique and click **Undo** to get it back to 3 separate artwork letters.
7. Next, select just the **U** and then convert it to applique.
8. Then, do the same to just the letter **S**. Lastly, convert the **A** to applique.
9. You will now see in the sequence view that each letter is its own applique piece. This is helpful if you want to use a different fabric for each letter.
10. Do a slow redraw to see that each letter is stitched with the placement, tack down, and border before going to the next letter.

### Save the Design

1. Select **File** from the menu bar and then select **Save As**.
2. Save the file in the following folder: C:\Floriani\Designs\00\_FTCU LESSONS\03\_Technique Lessons
3. Name the file **TL\_02**, choose **WAF** for the format, and then click **Save**.
